ICE MELT

Exothermic Ice Melting Pellets

A very effective ice melting compound which is ideal for entrances, cold storage areas and loading bays around buildings. It quickly melts ice and prevents it from reforming on the surface again for several hours after application.

- Fast Acting
- Easy To Use
- 5 times more effective than salt
- Effective to -35*
- Economical to use
- 10ltr @ €35.50 + Vat
- 15ltr @ €45.50 + Vat
